Fearing that a law passed by the recent session of the legislature may make Henry Rines ineligible for the office of state auditor his friends are now grooming him for the governorship at the next election.

The railroads of the northwest have made plain their evidence of faith in the general prosperity of the country and the crop of 1913 by investing over \$30,000,000 in new equipment. The Great Northern adds 9,000 new cars and the Northern Pacific over 4,000.

H. J. Maxfield has tendered his resignation as immigration commissioner to Gov. Eberhart to take effect August 1st. The resignation followed a stormy session of the board. Mr. Maxfield formerly lived at Wadena, was county attorney of his home county and has been very successful in the position he has just resigned.

The political critic of the Minneapolis Journal thinks that the shake up in the Sixth district is not "altogether to the advantage of the present congressman, as he loses Meeker, Wright and Douglas, former strongholds, and gains Aitkin and Beltrami, the latter not being likely to line up very strongly for the Little Falls political orphan, but Aitkin is quite progressive and strongly Swedish and probably will be friendly to Lindbergh."

The retiring warden of the North Dakota penitentiary was honored by a banquet tendered him by the convicts at which a prisoner serving a life sentence for manslaughter was toastmaster, and five other convicts responded to toasts. The prison band furnished the music screened behind a bower of ferns and palms. These social functions in the North Dakota prison are oases in the life of the convicts who are doing time for the state.

period of unprecedented prosperity in this country if congress would adjourn and stay adjourned for ten years. If business men were allowed to carry on big undertakings without the fear of legislative interruption things would hum, but that could not be done for it would take away the occupation of some of the gentlemen who never earned an honest dollar in their lives and never could according to this great railroad magnate.

WIN A CASH PRIZE

Any reader of this paper who is a little clever—and we know there are lots of clever people in Brainerd—can win a neat cash prize offered by the Minnesota Macaroni Company for an idea for a new trademark. Most all of you know what delicious foods they are—how nicely they cook up, and how they NEVER get soggy and spongy like many other brands.

The reason "Minnesota" Macaroni and Spaghetti are always so nice and tender is because they are made from the REAL NORTHERN DURUM wheat—the highest priced wheat there is.

Now here is the proposition in regard to those prizes; the Minnesota Macaroni Company want a new trademark—a design, name, word or sentence, to distinguish their products. The design or wording must have some connection with Minnesota or with macaroni and should be simple so that it can be printed in a small space and be easily remembered. And it must be something that is not being used anywhere else.

You don't have to draw the trademark, unless you wish. Just state WHAT YOUR IDEA IS, for instance like this: "I suggest a picture of an Indian girl holding a sheaf of wheat or 'I suggest the word 'Minnesota' surrounded by wheat stalks," etc. Just try a minute and you can think of lots of ideas.

The prizes are as follows: For the best idea, \$15.00 in cash. For the second best, \$10.00 in cash. For the third best, \$5.00 in cash. For the next ten best, \$1.00 each. And to each of the next twenty-five we will send a package of "Minnesota" Macaroni AND "Minnesota" Spaghetti, free. Remember you don't have to draw anything. Just write your idea in a letter and send it to the Minnesota Macaroni Company, Prize Dept., St. Paul, Minn. Ask your grocer, he may help you a whole lot. The prizes will be awarded July 1st. —Adv.

DEVELOPMENTS OF WEEK ON RANGE

Cuyuna Range Train Service—The Iron Properties the City Owns

JUDGE HOLLAND'S GENEROSITY

John Wahl Takes Option for Mining Lease in Section 10-46-29

Of most importance this week was the installation of additional train service on the Cuyuna range. A morning train now leaves the city for Little Falls and returns at 8 and then leaves for Deerwood and Aitkin and returning goes to Deerwood and Iron-ton and then back to Brainerd. This makes the first train service into Iron-ton and was duly appreciated by Iron-ton whose people made a holiday out of it when the first passenger train came to town. Then there is also the Duluth-Staples flyer which makes five stops between these points and is a North Coast Limited when it comes to accommodations and conveniences.

Brainerd now possesses the distinction of being the only city in the world which owns two iron properties within its city limits and the two tracts, believed to be rich in mineral, were given the municipality by the late Judge G. W. Holland, for 41 years a resident of Brainerd. The paragraph in the will reads: "I give, devise and bequeath to the city of Brainerd, in Crow Wing county, state of Minnesota, the south half of the southeast quarter of section 19, township 45, range 30. From my examination of blue prints of drill holes on adjacent lands, and the use of dip needles thereon, I guess there will be mineral enough found in said land to pay all indebtedness of the city of Brainerd, but at this time it is only a guess." The land lies immediately near and northeast of the old foundry and north of the Northern Pacific railway tracks.

The other tract, given in his codicil, and designated therein less than three weeks before he died, reads: "Tracts 9 and 10 in Holland's Third addition to Brainerd." This lies near a section of range property wherein a large quantity of ore has been blocked out. By skillful management Brainerd can pay up its debts and then, by having both properties paying a royalty, will be enabled to get along with little or no tax levy. If things turn out as expected on these properties, every man woman and child in Brainerd will be indebted to the judge for the beneficent provisions in his will.

A Mr. Wolf, of Duluth, has two drills operating in sections 15 and 16, township 45, range 28. Sales of land were recently made near this point.

The Vermes Cuyuna Mining & Development company has a drill working on the ninth hole in section 8, township 46, range 29. J. F. Dyke-man, the vice president of the company, on a recent trip to the range

slipped and broke his leg and now lies at St. Joseph's hospital.

The Barrows mine of the M. A. Hanna Co. will soon be on the shipping list. The Northern Pacific railway will on Monday build two side-tracks to the mine, this being in addition to the trackage already installed.

At the Adams mine at Oreland, Contractor Buzzo of Eveleth is making good progress in sinking. A pumping station will be put in at the 200 foot level.

Cuyler Adams, who has recently returned from a winter's stay at Atlanta, Georgia, was highly pleased with the progress attained by the range. In no other range in the country could one find agricultural and mining conditions farther advanced. The hearty cooperation between the farming and mining interests showed plainly that the Cuyuna range had points of merit possessed by no other range.

The Helmer Exploration company has six drills at work. Two are in section 32, township 47, range 29, operating for the Duluth-Brainerd iron company; two in section 17, township 46, range 29 for the Cuyuna-Sultana company; one in section 8, township 46, range 29 for the Vermes-Cuyuna Mining & Development company; one north of the river in section 33, township 136, range 26. The Hale-Bradley Exploration company has a drill working near Loerch. E. C. Bane, of Brainerd, has filed releases of options on the east half of the northwest quarter of section 24, township 133, range 29 to August Marohn and also a release of the option from Julius Marohn on the west half of the northwest quarter of section 24, township 133, range 29.

An option for a mining lease for six months from May 1, 1913, has been filed by William C. Robinson and the Clinton company to John Wahl of Duluth. The property is the northwest quarter of the northeast quarter, the northeast quarter of the northwest quarter of section 10, township 46, range 29, subject to conveyances heretofore made to the Cuyuna & Northern railway company and

FIRST BALL GAME SUNDAY

Cuyuna Nine to Play the Brainerd City Team at the Koering Ball Grounds

GAME CALLED AT THREE P. M.

Cuyuna Has a Good Bunch of Players and Figures on Putting up a Good Fight to Win

The first ball game of the season is scheduled for Sunday afternoon at three o'clock at the Koering grounds and the contestants will be the Brainerd city team and the Cuyuna nine.

Cuyuna states it will put up the game of its life and that the town expects their nine to return with the scalps of the Brainerd bunch dangling at their belts. "Frosty" Thomas, now treasurer of the village of Cuyuna, who struck out 17 men in a game last year, when Cuyuna wiped up the earth with some range team, will probably be in the box for the visitors.

Brainerd is not saying much. The boys have practiced regularly and expect to give a good account of themselves. Weather permitting, the game will be called at 3 P. M. sharp.

Y. M. C. A. ELECTION

Edward Crust Elected President—Total Membership of Association to Date 420

At the Y. M. C. A. board meeting Thursday evening the following officers were elected for the ensuing year:

President—Edward Crust.
Vice President—W. A. M. Johnston.

Secretary—T. T. Blackburn.
Treasurer—G. S. Swanson.

General Secretary—D. T. Lawrence
The secretary's report for the month of April showed that 107 members had joined, making a total membership on May 1 of 420. In 1911 there were 247 members and in 1912 there were 337.

The expirations of from 50 to 86 every month have been more than made up and last year shows a steady increase in membership. A spirit of optimism and good fellowship pervades all members and friends who visit the association.

The employed force at the buildings always glad to welcome strangers to the rooms and they ask everyone to come in and see for themselves what is being done. Significant among all members is the booster spirit.

Socialists of Duluth, Adopt Resolutions Regarding Alleged Kidnaping Case

ATTY. G. S. SWANSON'S VERSION

Count Attorney Explains Case and Why Assault Complaints Were Filed

A Duluth morning paper publishes a story to the effect that the socialists of Duluth, at their International Labor day mass meeting adopted a resolution calling on Attorney General Smith to investigate the conduct of County Attorney G. S. Swanson of Crow Wing.

According to the resolution, the municipal judge at Crosby, dismissed the action against George L. Payne, a deputy sheriff, and one of the alleged kidnapers of Theodore Sjogren, on motion of Mr. Swanson, who represented that inasmuch as there are others who are equally guilty of the charge, it would not be fair to prosecute Payne.

In a statement made at Brainerd by County Attorney Swanson he says that at the trial of the case against Payne not enough evidence was presented to hold him on a kidnaping charge, but that there appeared grounds to issue warrants for assault and accordingly Payne was arrested on an assault charge, plead guilty and was fined \$60 and costs amounting to \$7.10.

Peter Newman who was also charged with assault, plead not guilty and demanding a jury trial, the case was set for trial before Judge A. W. Uhl, of Crosby, on May 8.

However, should sufficient evidence develop to press a charge of kidnaping, the matter will be placed before the grand jury.

LOOKING FOR POSITIONS

Fifteen Applicants Take Railway Mail Clerk's Examination Before the Local Board

A civil service examination for the position of railway mail clerk was held in the Blackhawk club rooms today and fifteen applicants presented themselves. The local board of examiners consists of Assistant Postmaster G. W. Grewcock, W. A. Spencer and J. J. Nolan. The applicants were: Louis O. Johnson, Angus R. Murray, Leroy W. Chipplinger and Walter H. Northrup, Brainerd; James C. Tomelty, Herman V. Anderson and Howard L. Clark, Little Falls; Joseph Bergfolk and Alfred W. Heglund, Deerwood; Sidney R. Strassburg, Pequot; Alvin L. Thompson, Walker; Harry T. Norton, Cyphers; Vern L. Sauls, Park Rapids; Lee C. Peterson, Pillager; Frank DeLaitre, Crosby.

ORDER TO SHOW CAUSE

Alternative Writ of Mandamus Against City Clerk to Pay Check for City Hall Site

At three o'clock this afternoon will be taken up the alternative writ of mandamus issued against City Clerk Roderick ordering him to pay the warrant issued in payment of the city hall site, or show cause why it has not been done, the proceedings being heard before Judge W. S. McClenahan in district court chambers.

City Attorney M. E. Ryan appears for the city clerk and Attorney Geo. H. Gardner sued out the writ.

Coughs and Consumption

Coughs and colds, when neglected always lead to serious trouble of the lungs. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr. King's New Discovery. You will get relief from the first dose, and finally the cough will disappear. O. H. Brown, of Muscadine, Ala., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had it not been for Dr. King's New Discovery, she would not be living today." Known for forty-three years as the best remedy for coughs and colds. Price 50c and \$1.00. Recommended by H. P. Dunn.—Advt.

Some women can wear almost any corset; but most women actually need the special service that Nemo Corsets alone can give.

For this reason, "Nemo Week" has become an event of international importance. It is the time when all the newest Nemo Corset Specialties, and the latest Nemo inventions of the year, are shown in full variety in principal stores everywhere.

See the Newest Nemo Models

"Nemo Week" is more interesting than ever this year. We are showing some wonderful improvements, not only in models, but in corset-fabrics. The new Nemo elastic fabrics—"Lastikops Cloth" and "Lastikops Webbing"—have actually revolutionized corset-making. These, of course, are used only in Nemo Corsets. They are the only elastic fabrics in existence that don't wear out.

Too many styles to describe in detail, but please remember that—

We Have Nemos For Every Figure From Very Slender to Extra Stout

The "Nemo Week Special" Self-Reducing Corset, No. 326, at \$3.00, is a wonderful special value. Extremely long skirt, with the new "Lasticurve-Back." For sale during "Nemo Week" only.

Come and learn all about Nemo STYLE, COMFORT and ECONOMY. All this week—in our Corset Department.

Nemo Week Begins May 5th at "Michael's"

CHURCH TO BE DEDICATED SUNDAY

BRAINERD MODEL LAUNDRY COMPANY

WM. C. MARKS, Superintendent

Brainerd, Minn., May 3rd, 1913

To the Readers of the Brainerd Dispatch:

We take this opportunity to inform you that the BRAINERD MODEL LAUNDRY COMPANY has been organized recently for the purpose of giving the city of Brainerd and the surrounding community a thoroughly modern and fully equipped laundry which will enable everybody to have all kinds of washing and ironing done for them in the most satisfactory and in any desired manner, and have it done as well as can be done by any other laundry located in any other of the larger cities. It will be our aim to work carefully and properly, not hurriedly and slovenly.

Our laundry will be fully equipped with new and entirely modern machinery, all of which will be driven electrically. No belt connections will be used, to prevent the gathering or circulation of dust, and to promote safety. As far as practicable, all machines will be provided with safety appliances.

We have gone to a great expense and have had our own well drilled. This well is 210 feet deep. We have procured pure, uncolored water which will enable us to return your clothes and linens clean, white and unstained.

Our Laundry will be located at 212-214 South Broadway, where a new building is now being erected for us by the Slipp-Gruehagen Co., according to our special design and plans. This building will be of brick and concrete, absolutely fire-proof, sanitary, and with many windows. Construction work on the laundry has just been started, and it will be only a short time before we can attend to your wants. We will keep you posted from time to time of the progress of the building.

When our laundry is completed we will invite you to inspect it. You will then be able to verify our statements. This part of the state has long been in need of a plant such as we are installing and we hope you will find it worthy of your support.

Hoping to make your further acquaintance.

**BRIDGEPORT STANDARD
Prepared Paint**
The Painter's Last
THE painter, the architect and the builder, after careful tests and examinations, are able to tell you that Bridgeport Standard Prepared Paint is the best for you to use in decorating your home.

It has the "body," the "covering" quality, the ability to stand up under all sorts of adverse weather conditions; it is the most economical because it requires less of it to do the work.

You can buy cheap paints; you can buy paints that sell at a less price per gallon, but you pay for them in extra labor and in the greater quantity used, and the necessity for more frequent painting.

Bridgeport Standard Prepared Paint is "made up to a standard, not down to a price."

DETERMINED TO
PASS LAND BILLCalifornia Senate Kills Demo-
cratic Resolution.

AMENDMENTS SUFFER DEFEAT

Recommendations of President Wilson
and Secretary of State Bryan Fail
to Produce Any Effect and Anti-
Alien Land Measure Is Destined to
Become Law—Governor Johnson
Says He Will Sign the Bill.*****
Sacramento, Cal., May 3.—Twenty-eight to five was the strength by which the majority voted down minority amendments designed to alter the bill materially when it came up for consideration.

Sacramento, Cal., May 3.—The California senate showed a resolute determination to put aside the recommendations of President Wilson and his envoy, Secretary Bryan, and pass an act prohibiting Japanese and other aliens ineligible to citizenship from holding land by purchase under any circumstances, or by lease for more than three years.

In phraseology the bill, as drafted by Attorney General Webb after conferences with Governor Johnson and the administration floor leaders, omitted the words "ineligible to citizenship," which are offensive to Japan, but those in charge of the measure repeatedly admitted in debate that the end sought was the same.

Democratic opposition was purely tactical. The minority confessed its sympathy with the ends sought and freely criticized the bill, not as being too drastic, but as being too weak. Where the minority differed was in its judgment of the means wisest to employ.

This attitude found its expression in a resolution offered by Senator Curtin and defeated by a vote of 10 to 20. The administration majority for the bill was solid with a single exception. In opposition were eight out of ten Democrats, one Progressive and Senator Wright of San Diego, the lone Taft Republican in the chamber.

What the Resolution Meant.
Senator Curtin's resolution proposed that:

"The people of the state of California defer to the wishes of the president of the United States and this legislature will not, at this session, pass the bills advised against."

The resolution included that it be understood that the people of the state desired substantially the ends sought in the administration bill, and that "the president of the United States be requested to endeavor to secure such treaty or other agreement from any nation protesting against the passage of the bills under consideration as will effectually accomplish the end and purpose herein mentioned."

"And further, that if, at any time, the governor of California becomes convinced that the success of such effort is improbable, he is hereby requested to call an extraordinary session of the legislature."

The chief arguments advanced against the bill and in support of the Curtin resolution were:

First—That the bill was discourteous to the president of the United States and the imperial government of Japan.

Second—That the ends it sought might better and more permanently be attained by federal negotiations.

Third—That those opposed to it might invoke the referendum, thus inhibiting effective action under its provisions for a year and seven months, during which Japanese, advised of the intentions of the state, might acquire all the land they were able to buy without let or hindrance.

JOHNSON WILL SIGN BILL

California Governor Favors Anti-
Alien Land Measure.

Sacramento, Cal., May 3.—Governor Johnson will sign an alien bill as soon as it comes to him, reserving "a reasonable time" in which to listen to protests.

"I have assured Mr. Bryan," he said "that when the bill comes to me from the legislature I will wait a reasonable time for his protests. I cannot say how long. If the bill passes immediately I have ten days in which to sign it. If it comes to me after the legislature has adjourned I have thirty days. I expect the bill to pass without fail."

IMMIGRATION AT HIGH LEVEL

April Figures Indicate Year Will Be
Record One At New York.

New York, May 3.—Indications that the high water mark of immigration through this port will be reached this year are contained in the April figures, showing that 108,980 aliens entered New York during the month.

The increase over April, 1912, was 33,531 and the totals for the four months since Jan. 1 show the entry of 268,087 immigrants, as compared with 202,977 in the corresponding period of 1912, or an increase of 65,000.

Last year 605,000 immigrants entered here.

BATTLE FOR JURY REFORM

Chief Executive Touring New Jersey
in Behalf of One of His Policies
While Governor—Insists Cause Will
Win and That He Would Rather Be
One of the First to Fall in a Losing
Cause Than One of the Last.

Jersey City, N. J., May 3.—President Wilson interpreted the fight in New Jersey for jury reform and constitutional revision as a part of the struggle of the American people to obtain, through the Democratic party, equal justice to all and special privilege to none.

Though he made no reference to legislative policies pending in Washington the president indicated that the protests being voiced against the tariff bill were those of the special interests and not the masses.

"Some of my fellow citizens and some of their colleagues in Washington city," he said, "now think that they are hearing the voice of the people of the United States when they are only hearing the part that has become vocal by moving down to Washington and insisting upon its special interests."

Assault Certain Influences.

The president spent a strenuous day fighting throughout for the reform which he came to New Jersey to advocate. In the last speech of his trip applause and expressions of approval interrupted him frequently as he assailed the influences in the state which he charged were managing the populous country for private purpose.

"I wish that you might do two opposite things. I wish that you might forget that I am president of the United States, because I came here as a Jersey man fulfilling all promises that I made to Jersey men; and yet I want you to remember that I am president of the United States, because it is the business of the president to see to it, wherever he can, that the people get what they have a right to expect."

"For I am not the servant of the Democratic party. I am the servant of the people acting through the Democratic party, which has now undertaken some of the most solemn obligations that a party ever undertook, for it has stepped forward at a moment of universal disappointment and said:

Party Pledges Its Honor.

"We pledge you our honor, as men and as patrons, that you shall not be disappointed again."

"I was an observer, and a very close observer, of the course of politics before I ventured upon that uneasy sea and when I ventured upon that uneasy sea I was not the land lubber I looked. "Somebody told me," he said, "that things were so tangled up here that jury reform was going to lose anyhow and they said: 'Why come up and fight for a losing cause?' Well, I know my fellow citizens in New Jersey and I deny it is a losing cause. But suppose it was? I would rather have my body one of the first to fall by the wall than one of the last."

Suffrage Sure in Norway.

Christiania, May 3.—The constitutional committee of the storting decided unanimously to introduce a bill bestowing the franchise upon women for all elections. With a Radical majority in the storting the passage of the bill is assured.

GUILTY OF MURDER.

Chicago, May 3.—Lawrence Lindbloom, a chauffeur, who in 1910 ran over and killed Joseph Weise, was found guilty of murder by a jury in the criminal court and was sentenced to fourteen years' imprisonment. The evidence showed that Lindbloom was driving thirty-five miles an hour when his car struck Weise.

Supported Two Wives and Seven
Children Seven Years.

Chicago, May 3.—Milo L. Lyon, a night watchman, acquired a niche in the divorce court hall of fame for having succeeded in leading a double life for seven years on a salary of \$12 a week.

Judge Pettit, in the circuit court, granted a divorce to Mrs. Margaret A. Lyon when she proved to him that Lyon had maintained another wife and three children during this time, in addition to supporting her and their four children, the oldest of whom is twenty-one years.

SEN AGAINST CHINESE LOAN

Former President Tells Powers It
Means Another Revolution.

London, May 3.—Dr. Sun Yat Sen, former provisional president of China, has cabled an earnest appeal to the British and other European governments and peoples to prevent their bankers lending money to the Chinese.

Dr. Sun asserts that the temper and indignation of the country have been raised to white heat by the revelation that the government was implicated in the murder of General Sung, former minister of education, and that the government, conscious of the enormity of its guilt and fearing consequent downfall, will use the five-power loan, which he alleges was unconstitutional, included in defiance of the protest of the Peking assembly, in order to wage war against the people.

If the present government is kept without money, Dr. Sun's message continues, there is a prospect of a compromise between it and the country, but the provision of liberal funds would be calculated to precipitate a terrible and disastrous conflict.

JAPANESE DISPUTE
BECOMES CLEARERWashington Official Circles Are
More Hopeful.

Washington, May 3.—In official circles here the opinion is gaining ground that the situation created by the proposed anti-alien land owning legislation in California has been relieved largely of its grave aspect and that a satisfactory adjustment has been brought into sight by the latest developments at Sacramento.

The adoption by the California senate of the amendment to the pending anti-alien land owning bill to permit leases of lands by Japanese for periods not exceeding three years is connected by officials of the administration here with Secretary Bryan's postponement of his return to Washington from Sacramento. It is believed that the secretary hopes to mitigate the drastic features of the bill to a point where there would be no ground for objection from the Japanese government.

Any such legislation as that pending in California would not be welcomed by the Japanese, but it is said that in the higher circles of Tokio it is realized that some such legislation is inevitable and must be accepted, provided Japanese pride is saved and the probable injury to Japanese subjects in California is reduced to a minimum.

Oakland, Cal., May 3.—While starting Ray N. Francis to start a hydroaeroplane for a test over the bay Herman E. Janssen, a Los Angeles aviator, lost his balance and fell forward into the whirling propeller of the machine.

He was instantly killed, his head being cut off by the propeller.

Francis made an effort to stop the machine, but was too late.

Washington, May 3.—In answer to reports from Henry Lane Wilson, ambassador at Mexico City, of precarious and disturbed conditions on the west coast of Mexico, the naval auxiliary ship Glacier, now at Topolobampo with the gunboat Annapolis, will proceed at once to Mazatlan to guard American interests there and at Acapulco.

CAUSING TROUBLEJapan and the Philippines Make
Bad Combination.

ENGLAND AND CANAL TOLLS

Better Feeling Exists With Our South-
ern Neighbors Than Under Previous
Administrations — South American
Republics No Longer Talk of Uncle
Sam's "Aggressions."

By ARTHUR W. DUNN.

Washington, May 3.—[Special.]—Foreign matters are likely to give the Wilson administration more trouble than even the tariff, currency legislation and the distribution of patronage. So far, the president has been able to set his stakes on the tariff and drive to them, but in dealing with foreign nations it is quite different.

Japan will always be troublesome, particularly as the Philippines are our weak spot in case of war with an oriental country.

However, there is also hanging over this country the settlement of the canal tolls. It may be set down as certain that Great Britain will never cease to insist upon the same rights in the canal as given our coastwise ships, and if there should come a time when this country is embroiled with another nation that is when England will press her demands.

Soothing Southern Neighbors.

While we are threatened with complications across the water it seems to be well understood that a better feeling exists with our southern republics than under the last administration. The Wilson policy has had a soothing effect upon our southern neighbors. They no longer talk of "aggressions" or of the determination of the big republic to dominate all others on the continent.

Withdrawal of all attempts to finance the Central American countries has also had its effect in quieting apprehensions seemingly aroused in the last administration, which gave rise to the "dollar diplomacy" cry.

Tariff Bill Fixed.

Congressman Campbell of Kansas before the tariff bill was taken up talked to the Democrats one day about what they might do.

"It is not absolutely certain how you are going to vote on some items of this bill," he asserted.

"Oh, yes it is," interjected Fitzgerald of Georgia.

"It is not absolutely certain how you will vote on the bill when it is finally passed."

"You are not posted!" shouted Bartlett of Georgia.

Then the other members saw the point and had a good laugh. They understood that the tariff bill was "fixed."

Uncle Joe's Marble Face.

The day that the Democrats put through one of the most drastic "gag rules" the house has ever known, by which the two delayed appropriation bills were quickly passed, Jim Mann remarked, "I just stepped out into the lobby, where stands the marble statue of the former speaker, and I found Uncle Joe's face in a broad grin."

A little further on he said that when the Republicans returned to power they would do just what the Democrats are doing now and give the same excuse for it.

Which reminds one that the people do not much care how things are done. If the results are satisfactory it makes no difference whether they were obtained by long winded debates or by gag rules.

Another Doctor.

Few physicians find their way into congress. For several years Foster of Illinois has been the only prominent member of the profession in the house. Ladislav Lazaro of Louisiana is another doctor who has entered congress.

"Washed" Money.

It looks as if two pet measures of men connected with the treasury in the last administration are about to go by the board. One is "washed" paper money, and the other is the cutting down the size of paper money. Senator Martine recently presented petitions from 587 bank presidents and cashiers, representing every state in the Union, protesting against the "washed" money. Already resolutions have been introduced to prevent reduction in the size of the bills.

Republican Foreign Service.

Senator Johnston made no new discovery when he showed that Republicans largely predominated in the foreign diplomatic and consular service. Senator Bacon long ago pointed out that the many years of Republican rule had resulted in the selection of men almost wholly from the northern states for such appointments. Of course it may be evened up under the Wilson administration, but it will require upsetting the quasi civil service rules regarding consular officers.

Under present arrangements it is intended that consular officers shall remain forever in the service. But as 95 per cent of them were appointed during the sixteen years of Republican rule they are of that party faith. The problem of the Democrats is to get their share of those offices without suffering the charge of being "spoils-men."

GIFT OF \$1,000,000 HIGHWAY

Wealthy Man to Finance Parkway
From Duluth to Two Harbors.

Duluth, May 3.—Along the rugged shore of Lake Superior, stretching from the heart of Duluth to Two Harbors, Minn., will be constructed this summer what is expected to be one of the most beautiful parkway driveways in the world.

The improvement, costing approximately \$1,000,000, will be a gift to the public of the two cities by a Duluth millionaire, whose name is withheld. Duluth's new city commission, under the direction of Mayor W. I. Prince, has the preliminary arrangements for the acquisition of the right of way in course of preparation.

The boulevard will embrace London road for its full length, going through parts of St. Louis and Lake counties, a distance of nearly thirty miles.

THIRTEEN PERISH
WHEN BOAT SINKSSteamer Returning From Relief
Mission to Flood Sufferers.

Natchez, Miss., May 3.—Two white men and eleven negroes were drowned and a negro boy mortally injured when the steamer Concordia struck an iron railroad bridge at Clayton, La., and sank. The boat, which left here Wednesday with relief supplies for flood sufferers, was returning with 120 persons on board.

Because of the flood the draw of the New Orleans and Northwestern railroad bridge at Clayton had been left open, weighted with cars loaded with iron. When the pilot attempted to pass the swift current deflected the boat so that the bow struck a pier. The boat was thrown against the drawbridge. The steamer soon sank, but was carried a mile and a half down stream by the swift current.

Those who escaped did so by jumping from the sinking boat to the bridge.

KILLING OF FLAX INDUSTRY

Minnesota Congressman Accuses Dem-
ocrats of Murder.

Washington, May 3.—Clad in solemn black and speaking in lugubrious tones of mourning Representative Anderson of Minnesota in the house preached the funeral of the death of the infant flax industry in his district and state, which he declared "had not died a natural death but had been murdered at the hands of the Democratic majority." Mr. Anderson referred to the change in the linen schedule in the Underwood tariff bill whereby this product was placed in competition with the Irish and French product upon unequal terms.

The house completed the agricultural, wines and spirits, cotton, flax, hemp and jute schedules. The Democratic majority rolled steadily on, nonchalantly voting down every one of dozens of amendments presented by the Republicans and Progressives.

MRS. CATT LONDON SPEAKER

Complaints Against Britain Outnum-
ber All Against America.

London, May 3.—At an Antislavery Franchise league meeting in Drury Lane theater Mrs. Carrie Chapman Catt of New York, president of the International Woman Suffrage alliance, delivered the first speech she has made since her arrival in England.

Mrs. Catt said that during the three days she had been in London, which she had devoted to attending suffrage meetings, she had heard more complaints against the British government than she had heard against the American government during her whole life. And Mrs. Catt heard many more complaints for every speaker denounced the British government, and in addition, resolutions strongly condemning the government for not bringing in a bill enfranchising women were adopted with enthusiasm.

CURB UNDERWORLD'S POWER

Several Thousand Persons Attend
Demonstration in New York City.
Dr. Anna Howard Shaw Appeals for
Funds and Perfect Deluge of Checks,
Bills and Coins Follows.

New York, May 3.—On the eve of what promises to be the greatest equal suffrage parade in the history of the American woman's struggle for the ballot—to be held along Fifth avenue—a demonstration attended by several thousand persons, men and women, was held for the cause in the Metropolitan Opera house.

Theodore Roosevelt, appealing to the East and especially to New York state to grant votes for women and holding that it is woman's right to be represented on the floor of the state's coming constitutional convention, was the principal speaker.

Dr. Anna Howard Shaw, president of the National American Woman Suffrage association, called upon the country's women to add five new stars to the suffrage flag in 1914 and four new stars in 1915.

A brilliant pageant tableau, portraying woman's "Dream of Freedom," was a feature of the demonstration. Men and women depicted the march of feminine emancipation by representing the states in groups—the thirteen original, the twenty-six where women do not vote and the nine where they are enfranchised, with Alaska added to this group. Society leaders, actresses and opera singers took part. Hope, Handmaidens of Freedom, Woman, Her Sleeping Sisters, Justice and Columbia were among the characters represented. Madame Nordica took the part of Freedom.

The audience took every opportunity during pageant and speeches to show its enthusiasm by waving the triangular flag of the cause.

Prompt Response to Appeal.

When Colonel Roosevelt concluded speaking Dr. Shaw made an appeal for funds. Amounts as high as \$100 were contributed from all parts of the house.

"In honor of Mrs. Pankhurst, \$25," aroused a storm of applause. "Twenty-five dollars, to be contributed by my wife," shouted one man. "Five from a man who has been converted by his wife," promised another.

Within twenty minutes nearly \$10,000 was pledged. A supreme court justice promised \$25 a month for one year. A city official and an opera singer gave \$100 each. College girls in cap and gown passed wicker baskets, which the audience filled with checks, bills and coins.

Colonel Roosevelt was given a prolonged ovation. He spoke a trifle huskily at times. He dwelt on the Progressive party's ideal of government as correlated with votes for women and attacked the underworld as opposed to equal suffrage.

"Where woman has the vote it means so much more loss of power to the underworld," he said. "Just by so much has there been loss of influence by those who prey, by those of the red light district."

"I find after a dispassionate study of conditions in suffrage states—and this is my strongest argument—not one single case where it has done damage, but I find cases after case without number where the fact that women voted worked for the betterment of the city's civic and industrial and social condition."

Long Beach Millionaire Arrested on
Two Indictments.

Los Angeles, May 3.—George H. Bixby, millionaire banker of Long Beach and member of one of the most prominent families in Southern California, was arrested on two grand jury indictments charging him with having contributed to the delinquency of minors.

Bixby was arrested at his ranch home and brought to Los Angeles, where he was released on \$10,000 bond, \$5,000 on each indictment.

The arrest of the millionaire furnished the climax of a sensational vice investigation, in the course of which his name was freely mentioned in connection with a report.

New York, May 3.—A strike vote of the 100,000 conductors and trainmen on railroads in Eastern territory was ordered by the men's representatives, who have been in conference with the railroad managers here over demands for increased wages recently submitted by the employees.

The roads denied the men's demands and refused a proposition to submit the dispute to arbitration. This refusal was speedily followed by a meeting of the men's committee at which it was unanimously decided to order a poll to determine whether the power to call a strike should be put in the hands of the leaders.

DEVELOPMENTS OF WEEK ON RANGE

Cuyuna Range Train Service—The Iron Properties the City Owns

JUDGE HOLLAND'S GENEROSITY

John Wahl Takes Option for Mining Lease in Section 10-46-29

Of most importance this week was the installation of additional train service on the Cuyuna range. A morning train now leaves the city for Little Falls and returns at 8 and then leaves for Deerwood and Aitkin and returning goes to Deerwood and Iron-ton and then back to Brainerd. This makes the first train service into Iron-ton whose people made a holiday out of it when the first passenger train came to town. Then there is also the Duluth-Staples flyer which makes five stops between these points and is a North Coast Limited when it comes to accommodations and conveniences.

Brainerd now possesses the distinction of being the only city in the world which owns two iron properties within its city limits and the two tracts, believed to be rich in mineral, were given the municipality by the late Judge G. W. Holland, for 41 years a resident of Brainerd. The paragraph in the will reads: "I give, devise and bequeath to the city of Brainerd, in Crow Wing county, state of Minnesota, the south half of the southeast quarter of section 19, township 45, range 30. From my examination of blue prints of drill holes on adjacent lands, and the use of dip needles thereon, I guess there will be mineral enough found in said land to pay all indebtedness of the city of Brainerd, but at this time it is only a guess." The land lies immediately near and northeast of the old foundry and north of the Northern Pacific railway tracks.

The other tract, given in his codicil, and designated therein less than three weeks before he died, reads: "Tracts 9 and 10 in Holland's Third addition to Brainerd." This lies near a section of range property wherein a large quantity of ore has been blocked out. By skillful management Brainerd can pay up its debts and then, by having both properties paying a royalty, will be enabled to get along with little or no tax levy. If things turn out as expected on these properties, every man woman and child in Brainerd will be indebted to the judge for the beneficent provisions in his will.

A Mr. Wolf, of Duluth, has two drills operating in sections 15 and 16, township 45, range 28. Sales of land were recently made near this point.

The Vermes Cuyuna Mining & Development company has a drill working on the ninth hole in section 8, township 46, range 29. J. F. Dykeman, the vice president of the company, on a recent trip to the range

slipped and broke his leg and now lies at St. Joseph's hospital.

The Barrows mine of the M. A. Hanna Co. will soon be on the shipping list. The Northern Pacific railway will on Monday build two side-tracks to the mine, this being in addition to the trackage already installed.

At the Adams mine at Orelan, Contractor Buzzo of Eveleth is making good progress in sinking. A pumping station will be put in at the 200 foot level.

Cuyler Adams, who has recently returned from a winter's stay at Atlanta, Georgia, was highly pleased with the progress attained by the range. In no other range in the country could one find agricultural and mining conditions farther advanced. The hearty cooperation between the farming and mining interests showed plainly that the Cuyuna range had points of merit possessed by no other range.

The Helmer Exploration company has six drills at work. Two are in section 32, township 47, range 29, operating for the Duluth-Brainerd iron company; two in section 17, township 46, range 29 for the Cuyuna-Sultana company; one in section 8, township 46, range 29 for the Vermes-Cuyuna Mining & Development company; one north of the river in section 33, township 136, range 26.

The Hale-Bradley Exploration company has a drill working near Loerch. E. C. Bane, of Brainerd, has filed releases of options on the east half of the northwest quarter of section 24, township 133, range 29 to August Marohn and also a release of the option from Julius Marohn on the west half of the northwest quarter of section 24, township 133, range 29.

An option for a mining lease for six months from May 1, 1913, has been filed by William C. Robinson and the Clinton company to John Wahl of Duluth. The property is the northwest quarter of the northeast quarter, the northeast quarter of the northwest quarter of section 10, township 46, range 29, subject to conveyances heretofore made to the Cuyuna & Northern railway company and company, on a recent trip to the range

FIRST BALL GAME SUNDAY

Cuyuna Nine to Play the Brainerd City Team at the Koering Ball Grounds

GAME CALLED AT THREE P. M.

Cuyuna Has a Good Bunch of Players and Figures on Putting up a Good Fight to Win

The first ball game of the season is scheduled for Sunday afternoon at three o'clock at the Koering grounds and the contestants will be the Brainerd city team and the Cuyuna nine.

Cuyuna states it will put up the game of its life and that the town expects their nine to return with the scalps of the Brainerd bunch dangling at their belts. "Frosty" Thomas, now treasurer of the village of Cuyuna, who struck out 17 men in a game last year, when Cuyuna wiped up the earth with some range team, will probably be in the box for the visitors.

Brainerd is not saying much. The boys have practiced regularly and expect to give a good account of themselves. Weather permitting, the game will be called at 3 P. M. sharp.

Y. M. C. A. ELECTION

Edward Crust Elected President—Total Membership of Association to Date 420

At the Y. M. C. A. board meeting Thursday evening the following officers were elected for the ensuing year:

President—Edward Crust.
Vice President—W. A. M. Johnston.

Secretary—T. T. Blackburn.
Treasurer—G. S. Swanson.
General Secretary—D. T. Lawrence

The secretary's report for the month of April showed that 107 members had joined, making a total membership on May 1 of 420. In 1911 there were 247 members and in 1912 there were 337.

The expirations of from 50 to 86 every month have been more than made up and last year shows a steady increase in membership. A spirit of optimism and good fellowship pervades all members and friends who visit the association.

The employed force at the buildings always glad to welcome strangers to the rooms and they ask everyone to come in and see for themselves what is being done. Significant among all members is the booster spirit.

Socialists of Duluth, Adopt Resolutions Regarding Alleged Kidnaping Case

ATTY. G. S. SWANSON'S VERSION

County Attorney Explains Case and Why Assault Complaints Were Filed

A Duluth morning paper publishes a story to the effect that the socialists of Duluth, at their International Labor day mass meeting adopted a resolution calling on Attorney General Smith to investigate the conduct of County Attorney G. S. Swanson of Crow Wing.

According to the resolution, the municipal judge at Crosby, dismissed the action against George L. Payne, a deputy sheriff, and one of the alleged kidnappers of Theodore Sjogren, on motion of Mr. Swanson, who represented that inasmuch as there are others who are equally guilty of the charge, it would not be fair to prosecute Payne.

In a statement made at Brainerd by County Attorney Swanson he says that at the trial of the case against Payne not enough evidence was presented to hold him on a kidnaping charge, but that there appeared grounds to issue warrants for assault and accordingly Payne was arrested on an assault charge, plead guilty and was fined \$60 and costs amounting to \$7.10.

Peter Newman who was also charged with assault, plead not guilty and demanding a jury trial, the case was set for trial before Judge A. W. Uhl, of Crosby, on May 8.

However, should sufficient evidence develop to press a charge of kidnaping, the matter will be placed before the grand jury.

Coughs and Consumption

Coughs and colds, when neglected always lead to serious trouble of the lungs. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr. King's New Discovery. You will get relief from the first dose, and finally the cough will disappear. O. H. Brown, of Muscadine, Ala., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had it not been for Dr. King's New Discovery, she would not be living today." Known for forty-three years as the best remedy for coughs and colds. Price 50c and \$1.00. Recommended by H. P. Ounn.—Advt.

BRAINERD MODEL LAUNDRY COMPANY

WM. C. MARKS, Superintendent

Brainerd, Minn., May 3rd, 1913

To the Readers of the Brainerd Dispatch:

We take this opportunity to inform you that the BRAINERD MODEL LAUNDRY COMPANY has been organized recently for the purpose of giving the city of Brainerd and the surrounding community a thoroughly modern and fully equipped laundry which will enable everybody to have all kinds of washing and ironing done for them in the most satisfactory and in any desired manner, and have it done as well as can be done by any other laundry located in any other of the larger cities. It will be our aim to work carefully and properly, not hurriedly and slovenly.

Our laundry will be fully equipped with new and entirely modern machinery, all of which will be driven electrically. No belt connections will be used, to prevent the gathering or circulation of dust, and to promote safety. As far as practicable, all machines will be provided with safety appliances.

We have gone to a great expense and have had our own well drilled. This well is 210 feet deep. We have procured pure, uncolored water which will enable us to return your clothes and linens clean, white and unstained.

Our Laundry will be located at 212-214 South Broadway, where a new building is now being erected for us by the Slipp-Gruenhagen Co., according to our special design and plans. This building will be of brick and concrete, absolutely fire-proof, sanitary, and with many windows. Construction work on the laundry has just been started, and it will be only a short time before we can attend to your wants. We will keep you posted from time to time of the progress of the building.

When our laundry is completed we will invite you to inspect it. You will then be able to verify our statements. This part of the state has long been in need of a plant such as we are installing and we hope you will find it worthy of your support.

Hoping to make your further acquaintance,

It has the "body," the "covering" quality, the ability to stand up under all sorts of adverse weather conditions; it is the most economical because it requires less of it to do the work.

You can buy cheap paints; you can buy paints that sell at a less price per gallon, but you pay for them in extra labor and in the greater quantity used, and the necessity for more frequent painting.

Bridgeport Standard Prepared Paint is "made up to a standard, not down to a price."

For Burns, Bruises and Sores

The quickest and surest cure for burns, bruises, boils, sores, inflammation and all skin diseases is Bucklen's Arnica Salve. In four days it cured L. H. Hafin, of Ireddell, Tex., of a sore on his ankle which pained him so he could hardly walk. Should be in every house. Only 25c. Recommended by H. P. Dunn—Adv. tts

GO TO THE RESCUE

Don't Wait 'till Too Late—Follow the Example of a Brainerd Citizen

Rescue the aching back. If it keeps on aching, trouble may come.

Often it indicates kidney weakness. If you neglect the kidneys' warning, look out for urinary disorders. Thos Brainerd citizen will show you how to go to the rescue.

Mrs. John L. Nelson, 309 Quince St., Brainerd, Minn., says: "About two years ago we used Doan's Kidney Pills, procured at H. P. Dunn's drug store, and found them so good that we publicly endorsed them. They brought relief from pains in the back and head and other distressing symptoms of kidney complaint. The lapse of time has only served to increase our high opinion of Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
